# People of Los Angeles:

## A Proclamation by C. V. Baxter, Pharmacist.

Whereas, the people of our city have been led to purchase so-called remedies from which they have received no benefit whatever, and having thus wasted so much hard-earned money, it has come to a pass where they knew not what to believe.

Inasmuch as this unsatisfactory state of affairs now exists, know, therefore, all persons who are in need of a medicine for any of the following ailments, that we will supply them with our new Wine of Cod Liver Oil, Vinol, on a positive guarantee that if it does not succeed in benefiting them, we will refund the entire amount of money they have laid out on the medicine.

There is no one medicine that will cure everything, but there are some we know to be honest, reliable and of great curative value. Such is VINOL; it is not a patent or secret medicine, everything in it is plainly printed on the label. We are familiar with every particle of it, and know that it should be a blessing to all persons who have troubles herein-after described; and unlike other medicines, it will cost absolutely nothing if it produces no benefit.

Could any offer be more fair than this? You are ill; we offer you medicine which we believe in our hearts will be a blessing to you, and if it is not we will return to you every penny you paid us. Is there anyone foolish enough not to accept this offer? If you are ill and need such a medicine you owe it to your family, to your friends, and yourself to try this medicine which we give you our pledge is a genuine new discovery and a preparation of great merit.

Do you think we could afford to lend our name to its praises, as we have been doing in the newspapers if we did not know VINOL to be an honest and unusually valuable remedy for the ills for which it is prescribed. We certainly could not; we therefore ask you, our neighbors, friends and acquaintances to accept our assurances that this is a genuine offer, and that any and all persons who need a medicine of this character should feel a sense of security in our offer.

### RUN DOWN.

If you feel all worn out, have very little appetite, and not much sleep, caused by over-work or sickness, try VINOL on our guarantee.

### DEBILITY.

Why drag out an existence without life or ambition. It is not natural to feel continually tired. We guarantee VINOL will bring life, strength and vigor to the debilitated. If you do not feel well try VINOL. If it does not help you your money will be refunded.

### GAIN FLESH.

If you need to believe you can do so without taking disagreeable Cod Liver Oil. Fat taken into the system does not create fat. We believe VINOL will create flesh quicker than any preparation containing grease. Try it on our guarantee.

### DYSPEPSIA.

Only those who actually suffer know its terrors, for them life is robbed of all joy. It produces many serious complications and enfeebls the entire system. Relief only comes when a scientific remedy enables the stomach to properly assimilate food. There is no medicine that will do this so successfully as VINOL. Try it on our guarantee.

### OLD PEOPLE.

need a strengthening and invigorating re-builder. VINOL is of exceptional value in such cases. We guarantee it to give strength and health to the weak and debilitated, either from disease or old age. Try it on our guarantee.

### PALE WOMEN.

and children need a tonic-reconstructor that will create flesh and make pure red blood. Pale, haggard faces show that the blood is poor and thin, and also indicates imperfect digestion. VINOL will correct such troubles as sure as the sun shines. Try it on our guarantee. Children love VINOL, it is so delicious.

### BRONCHITIS.

often ends fatally unless specially cared for in its early stages. There is nothing in medicine more valuable for restoring health to the throat and lungs than VINOL, Wine of Cod Liver Oil. Try it on our guarantee.

### CONSUMPTION.

Do you fear consumption? Have you tendencies that make you dread this terrible disease? Our new Wine of Cod Liver Oil—VINOL, will surely cure consumption if taken at a reasonably early stage. Try it on our guarantee.

### NERVOUSNESS.

Diseased nerves are due to over-work, insufficient nourishment or slow breaking down of general health. We guarantee VINOL, Wine of Cod Liver Oil, to permanently and effectually cure nerve affections; it actually rebuilds the entire body. Try it on our guarantee.

### HACKING COUGH.

A sure sign of danger ahead. One might as well commit suicide as to let it go unchecked. VINOL is the very medicine needed. Unlike other Cod Liver Oil preparations, it does not upset the stomach, and it is delicious to the taste. Try it on our guarantee.

### NURSING MOTHERS.

If women with nursing babies who have difficulty in keeping up their health and strength would take VINOL, we know positively that the best results would be obtained. Try it on our guarantee. You know the life and future development of the child depends upon proper nourishment.

## Vinol

The Throat and Lungs Repairing

We stake our reputation on this offer being genuine. You will absolutely be under no obligation to us whatever, if after you have given VINOL a fair trial for any of the above ailments and have not received any benefit; you have only to tell us so, and we will return the entire amount of money you have paid us.

You see our faith in VINOL, and you must admit that we know something about medicine; therefore, when we tell you that VINOL is the most valuable preparation of Cod Liver Oil we have ever known, and a wonderful tonic-reconstructor and re-builder of strength, appetite and health, at the same time delicious to taste, we are not unreasonable to expect you to believe us.

## MRS. DARCH WILL NOT SUE MADAME CALVE.

## PRIMA DONNA PROVIDING WELL FOR LITTLE EDNA.

False Report That Musical Protege Had Been Abandoned Causes Distress. Great Singer to Marry and Retire from Operatic Stage.

From San Francisco came a report yesterday that Mrs. P. A. Darch intended to bring proceedings against Emma Calve for breach of contract in not having provided for the musical education of her daughter, Edna Darch, the talented young girl who was practically adopted by the great prima donna a year ago. The origin of this report is not yet known, but it must have emanated from an enemy either of Calve or of Edna Darch, for there is not the slightest truth in it. Instead of contemplating any action against Calve, Mrs. Darch considered that one of her greatest causes for thanksgiving yesterday was the fact that through the generosity of the great singer, the future of her daughter had been assured. She was told that what she reported yesterday at her home, No. 228 East Twenty-eighth street. The news rendered her almost incapable of speech for a moment, and then almost in tears she said: "Who could be so unkind as to start such a report as that? Oh, I hope it will not come to the ears of Mme. Calve. Just now when everything is so bright, when the future seems to have so much in store for my daughter, when we are so happy here together and Edna is so rapidly recovering her health, it is a shame that any person should seek to cast a shadow upon our happiness! I do not know that it is wise to pay any attention to this matter, but if it must be denied, please make the denial as strong as it can be made and say that such an idea never entered my head."

Then Mrs. Darch proceeded to tell what Calve has done and is doing for Edna. The mother is proud of her fifteen-year-old daughter, and justly so. As she related what was hoped for her, what seems to be in prospect for her, what the great prima donna had made possible for her, it was easy to see that her heart constantly beats for the girl who had originated any such report, and that information not being available, she expressed herself in no gentle terms about any person who "could be so cruel," as she expressed it.

By a singular coincidence, this rumor sprang just a year to a day from the time that Calve first heard her little protégée. It was Thanksgiving Day of last year that Mrs. Darch and her daughter, Edna, and the friend who brought about the meeting died with Calve at Hotel Green, Pasadena. How Calve was charmed with Edna's voice, how she offered to take her work, how her educated, how Edna went to New York, and why she had to return later because of failing health, are matters well known to those interested in music, and to the public generally. Since her return, Edna has been pursuing her studies constantly. Calve has been providing the means for her musical education. She has sent her \$300 every three months, and has insisted that she take her training under the best instructors in this city.

Calve has written her protégée frequently, encouraging her to greater effort, but such spurring is not necessary for Edna Darch has entered into her work with a zeal that is surprising in one of her years. This work she will continue for two years, and then she will go to Paris to receive such further instruction as Calve may decide to have given to her.

Mrs. Darch dropped one bit of interesting information during her conversation. She stated that Calve is about to be married, and that it is probable that she will never again appear before an American audience, and that she may soon retire permanently from the operatic stage.

Edna Darch has progressed so satisfactorily with her studies that she has become the author of several compositions, most of them instrumental. Recently she sent her first song to New York publishers. It is entitled "The Answered Prayer," and is dedicated to Mme. Calve.

## PALEFACES TAKE INDIANS' SCALPS.

### Berkeleys the California Foo'bal Champions After Fierce Battle Before Mighty Throng.

**M**IGHTY is a college education! Sturdy football players from the University of California defeated the Sherman Indians by the score of 29 to 12 yesterday afternoon at Fiesta Park.

The collegians maintained the supremacy of their Alma Mater on the gridiron and earned for themselves the football championship of California.

Sons of the southern plains whose native ancestry dates back beyond the beginning of history strove nobly to surpass in the strenuous play of the paleface. It was a furious, whirlwind struggle. Poor Lo, beaten and battered and crushed, was game to the end.

Such fierce football has not been seen in Southern California this season. Every brilliant play brought salvoes of cheers from the crowd of fully 10,000 people that packed the small enclosure.

Brawn of the Caucasian was pitted against brawn of the Indian, and brain was the factor that determined the tilt of Fortune's scales. There was vim in the attack and dash in the execution of every play made by the two teams, and the constant surprises kept the great crowd on the qui vive.

Much fault was justly found with the arrangements for handling the crowd. A long line of chairs was placed inside the ropes, and the ladies who occupied many of them were often in danger of being run over by players forced over the vest side lines. Insufficient safeguards were provided to prevent the crowd from surging over the field, and the police squad was too small and too indolent to give any reasonable protection to the players from the crowds on the side lines. The inclosure for the tallyhoes and carriages was not large and strong enough to guard against serious accidents. Near

square, regained its feet and dashed across the south end of the field from the east to the west fence. It struck the latter with much force and was so badly injured that it was shot by Capt. Hensley to put it out of misery. The horse belonged to the Tallyho Stables. Had the animal turned onto the field in its mad flight or had made for the grand stand, many people would have been seriously injured if not killed.

**IT WAS ROUGH.**

What threatened to become a serious fight was occasioned by the slugging tactics of the University boys. After the Indians had made one touchdown the collegians repeatedly fouled the red men. Twice college players struck Indians in the face in front of the grand stand and were roundly hissed. At one time a University player was forced over the side lines almost into the laps of several ladies sitting in the chairs inside the ropes. An Indian came tearing after and was unable to check his momentum until he had fallen on the University player. This caused an argument which quickly developed into a fist fight, in which More, the University quarter-back figured conspicuously. Three University players tried to hit Pierce in the face and one of the blows landed. Then a little Indian end jumped in and hit Overall with both fists. The timely arrival of several policemen stopped this unscheduled play, but a liberal use of clubs was required to clear the field of the crowd that had quickly congregated.

Both elevens played rough ball after that, but in nearly every case the University boys were the aggressors.

**THROWING WITH THE INDIANS.**

Throughout the entire game the sympathy of the throng was with the copper-hued warriors, who seemed to be battling against the years of mental inactivity that have held their race in

chosen gladiators upon the campus of a university far away.

A portion of the crowd came in tallyhoes and carriages and were given a position on the east side of the grounds. The west side was taken up with newly-constructed bleachers, and the old baseball grand stand. Before the game began every seat was taken and thousands surged back and forth behind the ropes on the side lines. Along the top of the fence on the west side hundreds of men and high-school boys were perched, and every telephone pole and available roof in the neighborhood was crowded with spectators. The roof of the California Hospital building nearly half a block south of the park displayed a crowd of white-capped nurses and attendants bent upon enjoying the sport.

The weather was all that could be desired, although it may have seemed rather warm to the collegians, who are used to the cold breezes from San Francisco Bay. The wind was barely perceptible, and the sky was perfectly clear. No trouble was experienced from dust, and the gridiron was in fair condition, and very fast.

**MASSING FOR BATTLE.**

Promptly at 2:25 o'clock, the eleven stalwarts of the university team filed

## SORE ALL AROUND AFTER THE FRAY.

**T**HE Indians say they were slugged out of a victory. The Berkeley boys denounce the crowd as a pack of hoodlums. The public roasts the management and police for the wholly inadequate provisions.

Such is the deplorable, but perfectly natural, aftermath of such a gridiron battle as that of yesterday. Mingled feelings of bitterness, regret and dissatisfaction are heard everywhere over the different phases of the great event.

The Indians have the least, and the Berkeleyites the most, to say.

Mute evidence was to be had at the Hollenbeck Hotel last night, where three of the hardy redskins lay bedridden as a result of the conflict. Joe Scholder, the big left tackle, who was carried off the field near the close, was

so badly hurt as our boys were. They tripped up, tackled us by the throats, and in falling on us pounded down with their elbows and knees.

"In the case of poor Scholder, who had his ribs broken, they went after him purposely to do him up. Before the game, and even just previous to his last rush, their full-back ('Locomotive' Smith) remarked in the hearing of several of us that he intended to 'kill that Indian brute.' Scholder was down on his side, and the others simply kicked his ribs in. He had kicked Scholder several times before.

"They held our best players continuously when they had the ball, in violation of the rules. They would grab us around the legs or hold us back by the legs, for days. Their left end (Demeritt) beat onto me so it was hard to even get into a play. The umpire did not seem to see these things, but those tactics seriously hurt our defense.

"I think if they had played straight football we would have held our own. But the boys played the best that was in them, and were in fine condition. The other team evidently sized it up that their only show was to knock us out, and they tried their best to do it."

**BERKELEY BOYS SORE.**

Not one member of the Berkeley eleven was unable to be about after the game, and they were all out enjoying themselves last evening. A crowd of them was found around a pool table at the Westminter, for which Trainer W. Christie and Left Halfback Mini were the principal spokesmen. The collegians had many things to complain of, despite their profitable trip and decisive victory. Chief of these was on the actions of the crowd in hissing their tactics and players, and the boys were loud in their denunciation of the Los Angeles sporting public.

"I'll tell you what to say," shouted Mini: "you can say that every man on the Berkeley team thinks that crowd out there was a pack of hoodlums. They had better come up to 'Frisco and learn how to be sports." Other similar remarks were made by various of the players, and then Trainer W. Christie explained:

"The boys were very much surprised," said he, "at the treatment accorded them by the crowd. They were playing hard, clean ball, and because they merely took advantage of the

the close one of the lead horses on the six-horse tallyho used by the University boys became unmanageable. Several automobiles were puffing and snorting in the inclosure, there was a continuous din from thousands of throats, and the poor beast evidently thought the end of the world was at hand, which in truth it was for him. The six horses turned suddenly and the driver was powerless to control them. One of the leaders fell, and his heels landed between the spokes of a buggy standing beside the tallyho. After vicious kicking the horse regained its feet, reared and fell again. A second time it got upon its feet, and, breaking away from the rest of the team, dashed madly between the bugles in the inclosure, through the frail gate and down the side lines. Only a miracle saved many people from being trampled underfoot. Fortunately the horse ran close to the fence and, although one man in trying to get away was obliged to grab the bridle rein, no one was hurt. The horse ran the entire length of the field, tripped on the side-line rope, turned a complete somersault, broke off a post four inches

thrall; to be striving to supplant their native cunning with the strategy of the white man.

Every good play, each brilliant run and buck and tackle, and every point gained by the red men was the signal for an outburst of cheering. Riverside sent an enthusiastic contingent that spurred the Indians to do their best. In one of the sections of the grand stand were seated quite a number of Indian women and girls, who watched the progress of the game with marked attention, but with characteristic stolidity.

Neither did the University players lack for cohorts of supporters. The college colors floated from many horns and canes. Ribbons of blue and gold and huge yellow chrysanthemums were pinned to the rich attire of hundreds of fair ladies in the gayly-dressed crowd. Here a college or class pin and there a fraternal emblem held the fluttering ribbons in bounds. It was distinctly a college gathering, and men immersed in business cares and women busy with social gayeties recalled the days when they cheered themselves hoarse over some victory of their

onto the grounds, and began a short practice by falling on the spheroid. This was followed by a short, snappy signal practice. Five minutes later the Indian team appeared, and was greeted with prolonged cheering. At 2:45 o'clock the game was called and a second later Neufus had sent the pigskin soaring toward the University goal. It fell into the arms of 'Locomotive' Smith, and the struggle was on.

Repeatedly the ball was given to Smith, who, like the human battering ram he is, plunged through the line, scattering the Indians to right and left. Then the copper gladiators massed their strength on the line and little Mini, fleet and sure of foot, was given the ball for end runs. Without once losing the ball, the University boys carried it to the Indian goal line and five minutes after play began Mini smashed through tackle for a touchdown.

Instantly the blue and gold streamers filled the air, university supporters clapped their hands in ecstasy, and told

found to have three ribs broken. Reuben Sanders, full-back, suffered such severe contusions in the abdomen that he could scarcely speak, and it thought to be internally injured, Albert Payne, left half-back, received so severe a blow on the head that he left the game in a dazed condition. Sylvus Lobo bled throughout the last half from a nasty gash on the forehead, but he staggered on till the finish. Nearly every member of the Riverside team sustained bruises to limbs or body that will be felt for days to come.

**BEMIS PIERCE'S FIERCEST.**

Manager F. R. S. Strange took sixteen of the Indians to the Orpheum last evening, and they enjoyed the vaudeville treat. Bemis Pierce, the famous captain, was about the only member of the aggregation who would discuss the game. Beginning with apparent reluctance, he said:

"I have played in hundreds of football games, many with elevens of the biggest universities of the country, but this was the roughest I have ever been in. I never saw such slugging, kicking and holding, and never saw players

rules of the game the people thought the Indians were being given the worst of it. Personal insults were sung from the seats, and the crowd unjustly hissed our boys again and again.

"The Indians were supposed to be in the best condition, but the game did not show it. Still, our boys did not train so much and were not in their best condition. If our team had been in perfect condition we would have beaten them by 30 points to 0.

"The Indians made repeated off-side plays before they were penalized once, and they did not suffer by half of the violations of the rules they made.

"The Indians can consider themselves very lucky. Our victory was simply the result of pitting white man's brains against Indian pot-luck, brawn and condition.

Every man of the Berkeley team present entered a vigorous denial of the charge that they had planned to knock the Indians, nor would they admit that they had indulged in slugging. On the contrary, they said the redskins were the worst offenders against the rules they had ever met, saying that the holding was all on the Riverside.

(CONTINUED FROM FIRST PAGE)

Each other in thunderous tones how easy it was to win the State championship. Overall kicked the goal.

**STUBBORN FIGHTING.**  
With the score 6 to 0 against them, the Indians fought stubbornly. Every inch of ground was contested. The redmen met the University plungers and stopped the end runs. Overall was forced to punt for the first time the Indians were given a change at offensive play.

Pierce, who learned how at Carlsbad, broke through for 25 yards, and the Indians by a series of plays outside of tackle and through the line, carried the ball steadily to the University 14-yard line, where it was lost on downs. Overall punted 40 yards, and the Indians began a steady march toward a touchdown. Neufus kicked the goal, and the University got the ball back on a touchdown. Neufus kicked the goal and tied the score. It was a general minute before the cheering subsided and the crowd resumed their seats.

The University men seemed fired with anger because their goal line had been crossed, and they were determined that with them it was anything to win. Interchanges of punts and backs and end runs by "Locomotive" Smith and Mini, added to the display of slugging by the University boys, landed the ball once more across the Indian goal line. Overall kicked goal. Score: 12 to 6 in favor of the Indians.

**CROWD BREAKS IN.**  
During the intermission the crowd broke all restraint and covered the gridiron. A few hundred boys back of the ropes on the east side started a tug-of-war with the rope stakes and broke down several of them.

It took hard work for the University boys to make the field clear. The half ended without further scoring, the ball being on the Indians' 25-yard line.

Almost on the first play after the kick-off Helmsmuller broke away from the Indians tackling during some confusion over an off-side play, and made an 8-yard run for a touchdown. It was the longest and most spectacular run of the day. Overall kicked the goal, and the score stood 22 to 6 in favor of the college boys.

Soon after the next kick-off came a spectacular play that resulted in a score for the Indians. Helmsmuller, who had been tackled by the Indians, broke through for a 10-yard run, and then, after a fumble, he was tackled by the Indians. Helmsmuller, who had been tackled by the Indians, broke through for a 10-yard run, and then, after a fumble, he was tackled by the Indians.

During the rest of the game Helmsmuller was obliged to divide his time about equally between the contesting eleven and the crowd, which could not be kept from the field. The Indian team made a magnificent attempt to stem the tide, but the University team, which had been broken down goal, making the final score 22 to 12 in favor of the college boys.

**FINISHING TOUCHES.**  
Scholder, one of the Indian tackles, had three ribs broken in the second half, and several of the Indians said that they heard a University player declare that he would "kill" Scholder, saying he was killed in the slide while lying on the ground. Severe injuries were received by several other players.

**GAME IN DETAIL.**  
The Indians won the toss. The referee's whistle shrieked. Neufus kicked the ball. Overall kicked the goal. The Indians scored, and fell in "Locomotive" Smith's arms. He rushed it back 10 yards before he was downed. Twice in succession, Smith plunged into the Redskins' line, first for a gain of 20 and then for 10 yards. Little Mini circled the left end for 12 yards. Smith hammered the line and the Indians in the next play for 6 yards. Whipple went through center for distance. Steadily down the field the collegians forced the ball, until, in their opponents' goal, it was carried out of bounds. Berkeley gave one-half yard of the distance to the goal, and the ball rested on the Indians' 3-yard line. Mini pushed it over for the first touchdown. Overall made a star kick, and the splendid sailed fairly between the posts for a goal. Score, Berkeley, 6, Indians, 0.

Neufus kicked off again to Whipple on the 15-yard line. He ran it back 15 yards. Berkeley pushed the ball down the field to her own 40-yard line, where for the first time the Indians pulled together and held. Overall punted 40 yards.

Pierce made a terrific plunge outside of right tackle, and gained 35 yards before Mini overtook him and felled the dusky runner. The excitement was intense, when a minute later Scholder made a brilliant dash around Hudson's end for 20 yards more. Magee smashed into right tackle for distance and Sanders punctured that line of blue and gold for 7 yards more.

On the 14-yard line, the fierce charges of the collegians were stopped and the ball went to Berkeley on downs.

The collegians tried to tick the line, but did not make distance. Whipple was injured in the scrimmage and left the field. "Locomotive" Smith took his place as full-back and White was called in to fill Smith's place at right half. Overall punted 40 yards to Neufus, who carried it back 10 yards. Berkeley was outside of tackle for 5 yards. The Indians fumbled but Leifell did not touch the ball for a gain of 5 yards. On Berkeley's 10-yard line the Redskins tried the revolving wedge play. It was a success. Magee wriggled out of the bunch and planted the ball squarely behind the goal post. Pandemonium reigned. The red men had made their first touchdown.

There was another scene of delicious joy when a moment later Neufus kicked goal and tied the score, each side having made a touchdown and a goal.

Overall kicked to Sanders on the Indian line. He carried the ball back 56 yards. Neufus punted 20 yards and Bolia downed the Berkeley man in his tracks. Smith circled the right end for 5 yards. The Indians were penalized 5 yards for a false start. Mini tried to get around

the end, but did not make distance. The Indians were again penalized for being offside. Smith tried another end run, but Neufus got around the end and tackled him for a loss of 5 yards. Mini skirted the left end for a pretty run of 18 yards, but Neufus off him down and threw him when only 2 yards from the goal. On the next play Smith plunged through the line for a touchdown. Overall kicked the goal, and the score stood, Berkeley, 12, Indians, 6.

Neufus kicked off to the Berkeley line. Mini carried it back 10 yards. Neufus carried right guard for 5 yards and Smith hit that place again for the same distance. Overall punted 40 yards. The ends got down the field quickly and downed Sanders in his tracks. Neufus punted 40 yards to Smith, who carried the ball back 12 yards. ## DICK DONNELLY'S REDEMPTION.

BY WILLIAM E. OSBORNE.

DICK DONNELLY was all right—literally all right. He didn't smoke, chew, drink or swear. There was just one thing the matter with Dicky. He was starving, that's all. The failure of his two bosses had swept out upon the streets some hundred and fifty employees, and Dicky was one of them. What became of the others he did not know, and he didn't care just at present. He was too much taken up with his own affairs. From his personal of the first advertisement, six weeks ago, the read "Wanted—Bright, clean, intelligent young men," etc., up to the present time Dicky had been working as he had never worked, simply to find work. And now he had just come out of a long search for work.

As a last resort he tried the industrial houses and the missions for work. He was sure he could get a job of some kind there, but they turned him away.

"You!" he exclaimed. "Why, you oughtn't to have any trouble getting a job, a fellow that looks like you. It's not your kind that we cater to. It's the deadbeats. If we took your kind we'd be broke in a week. We don't want you. We only give jobs to men that can't get jobs—that's all. We can't do anything for you."

But that wasn't exactly what they said, but that was what they meant. And Dicky could see that it was true. He repeated, "I never drank but once in my life and that was because it was a business necessity."

"What you give us?" replied the other. "What was it, anyway, that you drank to get?"

Dicky laughed. "It was a job," he replied. "I was a working house of Wiloughby G. Schenck & Co. and I will never have to get another in the same way. But at that time it was the only 'Bottle of apollinaris, waiter,' said the cashier.

Dicky nodded. "A business necessity," he repeated. "I did it just to get a job, that's all."

"What you give us?" replied the other. "What was it, anyway, that you drank to get?"

Dicky laughed. "It was a job," he replied. "I was a working house of Wiloughby G. Schenck & Co. and I will never have to get another in the same way. But at that time it was the only 'Bottle of apollinaris, waiter,' said the cashier.

Driving Club's Meet a  
Record-breaker.

Best of Talent Affords  
Lively Sport.

Fourteen Heats and No Hitch.  
Sweet Marie a Winner—  
Dull Baseball.

Good sport and a full card of it was  
the programme at the Thanksgiving  
maize race meet given by the Los  
Angeles Driving Club at Agricultural  
Park.

In point of attendance the meet,  
which was the first held by the club  
in several months, was a record  
breaker. Five or six thousand ac-  
cording to the club's invitation, and grand  
stands and all carriage space were taxed  
to its utmost limit.

Society was out in force, as usual,  
adding color to the large gathering.  
The card, too, was a little more am-  
ple than heretofore attempted, but  
was carried out like clockwork, and  
rough seven races, fourteen heats  
all, were run the last horse steamed  
up before dark.

One and exciting finishes charac-  
terized the principal events, one of  
the sharp brushes for honors being  
between El Moro and Mable B. in the  
best-of-all race. It was won by the  
smaller of the marginals in  
two heats.

Interest centered in the free-for-all  
race and trotters, this race  
being out of the way, and  
William Garland, E. T. Earl's Sweet  
heart and C. A. Canfield's Athala. It  
was strictly a Canfield's race, and  
was won by William Garland, whose  
horse took first honors in two heats.

Just before the start in the second  
heat, Athala reared, and so  
far that Mr. Canfield, who was hand-  
ling the favorite, lost his balance and  
was spilled on the track. Although  
considerably shaken, he did not  
sustain serious injury. Athala after  
a short run was caught and was sent  
off in the second heat, taking second  
place at the finish.

A work of art was given by the club  
in the form of a beautiful programme.  
The design was a large pumpkin in  
orange and yellow, and was the selection  
of Mrs. F. E. Chandler.

**I WILL MAKE YOU**  
**A HEALTHY MAN.**

I have this message for the man who is ill—I can cure you  
I not only refer you to contracted diseases but to ailments which  
come as a result of dissipation, old age, overwork or early abuse.

My methods are new, being based on the latest discov-  
eries in medical science, while  
many of my remedies are the  
results of my personal practice,  
going back over 27 years.

I am so certain of the results of  
my treatment that I have no hesi-  
tation in speaking in the most  
positive language. If you come  
to me with a faltering step, a dull  
eye, an impaired memory, I will send you away a robust, vigorous,  
healthy man, and it shall not take months of tedious doctoring,  
nor will it cost you a twinge of pain. If you think life has no  
further pleasures for you, I will convince you that there are years  
of healthy life before you. I can give you the qualities that make  
success. A weak will, a timid nature, a dull mind, is not man's  
natural state, and I can promise that you shall be restored to the  
full possession of your youthful courage, ambition, vigor, and  
power.

I ask no man for money until I have convinced him that my  
treatment is all it has been claimed. If desired, I am perfectly  
willing that the total price of cure be deposited with a bank or with  
a business house, not to be paid to me until my patient acknowl-  
edges for himself that he is thoroughly satisfied with the transfor-  
mation I have made in his physical and mental state.

While I prefer to talk personally with men who are ill, or worn  
out, or dissipated, yet to those living at a distance I will state that  
my method of home treatment is able to cure you in the majority of cases, while if your case is not curable I  
will frankly tell you so. All correspondence is confidential, and all in-  
ter is mailed in plain sealed en-  
velopes, leaving no name or other mark that could bring embarrassment to its recipient.

Fees for treatment are in all cases reasonable, and I will say that money shall never stand between me  
and my conscientious duty as a physician.

**Specific Blood Poison.**  
The idea that specific or contagious blood  
poison is incurable still exists in the  
minds of thousands of physicians, who  
continue to salivate their patients with  
poison, mercury and other dangerous min-  
erals. I positively cure this disease, never  
to return, and I use only vegetable re-  
medies that can have no harmful effect.

**Contracted Disorder.**  
Every case of contracted disorder I treat  
is thoroughly cured; my patients have no  
relapses. When I receive a case cured,  
there is not a particle of infection or in-  
flammation remaining, and there is no  
need of any further treatment. My re-  
turn is in its original form, or work its  
way into the general system.

**"Weakness."**  
My treatment for functional weakness is  
original with me, and is the only scien-  
tific and reliable treatment. It is based  
on absolute knowledge as to the  
underlying conditions. I treat by a local  
cure of the system, and guarantee that I  
employ, and one that cannot fail to restore  
the full degree of strength and vigor.

**DR. HARRISON,**  
Who Cures Men's Diseases By His  
Own Original Methods.

Seventeen years of uninterrupted success—nine years in Los An-  
geles. If I take your case you can depend upon being speedily and  
thoroughly cured without pain. No charge for a thorough, scientific  
examination, that will give you an exact and accurate diagnosis of  
your case.

**Weakness**  
Is immediately responsive to the treatment I give, and a cure is cer-  
tain to follow. Very few general practitioners understand this con-  
dition thoroughly. It is a study, and I have been a faithful student  
of this base of mankind to the extent that I can take a case of  
weakness and effect a gratifying cure in a surprisingly short time.  
No matter who has failed, come to me and I will examine you care-  
fully, FREE OF CHARGE. Weakness is sometimes produced by  
overwork, but generally speaking it is caused by varicose, en-  
larged inflamed prostate, results of abuses and excesses, and from  
badly treated disorders.

**Varicocele.**  
If you have varicose and think that nature will reduce and restore  
the large knotted and twisted veins, you are seriously mistaken. If  
you could understand that in carefully neglecting this condition  
you are risking the complete loss of your vitality, I am sure you  
would take a hurried preventive toward such an ultimate end. I  
have been curing varicose right here in Los Angeles for the past  
nine years and can read anyone desiring information to hundreds of  
men who have gladly volunteered to impart their painless experi-  
ence while they were under my care. I cure varicose in five to  
seven days, without a tying operation, caustic, electricity or the use  
of the knife.

**Contagious Blood Diseases.**  
Either in contracted or hereditary form are completely eradicated  
from the system by my original and scientific treatment. I use no  
poisonous mineral drugs that affect a person as badly as the disease  
for which some physicians prescribe them. If you are an unfortu-  
nate, do not become more of an unfortunate by chancing your future  
health in the hands of some doctors, who still prescribe the old pe-  
nicious mineral drugs for blood diseases.

**Stricture.**  
I cure stricture without using a knife. My treatment dissolves the stricture and  
leaves the urinary passage in an unobstructed condition, doing away with all irrit-  
ation and congestion of the kidneys and bladder.

**Contracted Disorders.**  
That play havoc with a man's general health and comfort are as sure to respond  
promptly to my treatment as night is to follow day.  
Cure of Eruptive, Piles and Fistula, and guarantee them to stay cured. Send  
for my book and colored charts, which I mail, free of charge, in plain wrappers to  
any address.

**CONSUMPTION**  
How and Where  
It Is Cured.

The idea that consumption is incurable  
is generally prevalent. That belief is  
fostered by many professional men and is  
strengthened by the vast amount of ineffec-  
tual effort which has been put forth in  
vain endeavor to check the ravages of the  
disease. The asthma, along the throat, and  
"disinfectant" are widely heralded remedies  
which have been in use for nearly seven  
years, and hundreds of cases have been treat-  
ed so that the value of the treatment is not  
in any degree problematical.

Dr. W. H. Ballard, 415 S. Spring Street,  
Los Angeles, furnishes the specific treatment  
which is inflicting about these results. His  
improved tuberculin treatment, destroys the  
germs of the disease (bacilli), thus reaching  
the root of the trouble. At his Sanatorium  
in Pasadena he furnishes in addition to this  
specific treatment, a comprehensive system  
of inhalation, whereby a continuous sup-  
ply of antiseptic, germicidal, medicated air  
is introduced into each sleeping apartment. A  
physical culture department and a carefully  
selected but choice diet, together with in-  
stitutional rest and constant care of the  
medical department, are additional advan-  
tages which are offered in this institution. In the  
earlier stages of the disease, it is reasonable  
to expect a complete cure, and even in the  
advanced stages this treatment has been won-  
derfully successful and many complete cures  
effected. Dr. Ballard's success in treating  
these complicated cases has become world-  
famous, and the record of cures effected under his  
treatment is not approached by any other  
institution in the world.

will be mailed free for the asking, either  
from 415 S. Spring St., Los Angeles,  
or at the Ballard Pulmonary Sanatorium,  
Pasadena, Cal.

(BY THE ASSOCIATED PRESS.—P.M.)  
MANILA, Nov. 27.—(By Manila Ca-  
ble.) The constabulary are carrying  
out an aggressive campaign against  
the ladrones in the northern part of  
the island of Leyte, and in the island  
of Biliran. Inspector Crockett with  
a force of constabulary engaged the  
ladrones six times of First and Spring  
streets in an hour is 180, or three every  
minute. Between 5 and 6 o'clock, 290  
cars made the various turns, an average  
of five per minute. This was the  
limit. Additional cars could not have  
been handled with dispatch, and with

## Boycotters Rogers and Hay Held Up

To the Public Scorn They So Richly Deserve.

The honorable record the Hamburger firm has made in its twenty-one years of merchandising in Los Angeles stands for a great deal more than anything that such depraved natures as Rogers and Hay can say or do in deliberately lying to an intelligent public in order to get support for the malicious boycott these skulking cowards thought to institute because we would not be coerced into withdrawing our advertising patronage from the "Times." And the respectable labor organizations of this city are realizing how completely they have been duped—and as we make the underhanded actions of Rogers and Hay known—in justice to themselves will soon repudiate these contemptible traders of Los Angeles' representative mercantile establishment.
